"Summer of SUN-sational"

Week 3

ANOTHER SUPER SILLY SUN-SATIONAL WEEK!

Camp is in full swing and everyone is having such a wonderful time. Everyone from campers to staff are having a great summer here at Eagle's Landing!

Ahoy Matey! **X** marked the spot on Monday with "Pirate Day", our first theme day of the week. The sun shined down on us all day and everyone enjoyed a pirates booty worth of ice cream to cool off in the afternoon. Pirate day was an awesome way to start off our week.

If you thought bow ties were only for weddings, a night at the opera, or perhaps lunch with the Queen, then think again! Bow ties are perfect attire for camp! Campers had a great time dressing up in their fanciest bow ties on **Bow Tie Tuesday**.

On Wednesday we celebrated Halloween in July with **Sammy's Spooky Spectacular** for our Special Day of the week. Princesses, pirates, monkey's, sharks and ninja's could be seen haunting the grounds of Eagle's Landing Day Camp. Check out our Special Events section for all the ghoulish details.

You may have heard that we cover a lot of ground running back and forth here at camp each day. You may have also heard that we're always looking for ways to take the ordinary and make it extraordinary. Put the two together and you get **Silly Sock Day!** Campers and staff added a little pizzazz to Thursday with their crazy and amazing combinations of socks. It was awesome seeing all of the colorful and funny socks on our campers feet!

Bubble Palooza rounded out the week here at Eagle's Landing. It was a sight to behold! We had kids watching bubbles, chasing bubbles, inside bubbles, under bubbles and wearing bubbles. It was a complete Bubble Palooza.

Now rest up this weekend because next week is **COLOR WAR** - Let the games begin!

~ Julia, Editor in Chief

SPECIAL EVENTS

This week's Special Day was Sammy's Spooky Spectacular! All of the campers had a blast being able to dress up for Halloween in July! Everyone enjoyed the day's activities, especially Monster Cookies! Monsters of all ages participated in the Monster Mash Dance Party, making Halloween Slime and creating awesome Halloween inspired crafts.

The little monsters at camp planted Witch's Magic Flowers in a cauldron, played Monster Bag-O and walked along a giant spider web! The bigger monsters at camp navigated their way through the Lair of the Spider Queen, played Wrap the Mummy, escaped from the zombies in Zombie Tag. It was a really fun day for all of us and we loved all of the costumes!

Remember next week is **COLOR WAR!** Get your Blue and Gold shirts ready! What team do you think you will be on?

COOL COOL GIRLS OF 7/8

The 7/8 grade girls have had three weeks of fun filled activities. The campers are excited each day to participate in electives and really look forward to the trips. We started the summer off with a wild and wet trip to Hurricane Harbor where we all were able to cool off from the heat. In Week 2, we ventured off to Jenkinson's Beach and the girls really enjoyed their time there. They finished up the day playing boardwalk games and had a ball.

The 8th grade girls loved hanging out at the Silver Ball Museum last Friday. This week we were off to the Liberty Science Center on Wednesday where we always have a great time and the 8th grade enjoyed a great day at Mini Golf on Friday. Also during this week, for the first time, some 7/8 grade girls had the opportunity to enjoy a 3 day trip to Club Getaway in Connecticut. A fun time was had by everyone on the trip. There are so many more exciting things planned for us in the coming weeks, so stay tuned. We can't wait to continue our SUN-sational summer!

BKB ROCK STARS

We had a great fun-filled third week in Kiddie Kingdom and our boys showed the entire camp how to have a great time. With Pirate Day, Sammy's Spooky Spectacular and all of our regular awesome activities, our Rock Stars had the best week yet!

Arnav Gupta proved that he is going to be the next Michael Phelps in swimming and we cannot wait to see him in the next Olympics. Harrison Rubenstein built a sky-high tower that was at least as tall as he is.

Will Christian cannot get enough of playing Ga-Ga and he rocked the court with his quick cat-like moves. Justin Perlmutter loved the water slide during Free Swim. The whole group got dizzy just watching him go down again and again. Will Altman had everyone laughing while he acted like a monkey, a elephant and other animals during Drama.

What an amazing week for BKB. Get some rest over the weekend, next week is going to be even better.

COOKING CORNER

Loaded Potato Skins

Ingredients:

- 6 small to medium sized russet potatoes, rinsed clean and pat dry
- 8 oz of cheddar cheese, shredded
- 1/4 cup unsalted butter (half of a stick), melted
- sour cream, for topping
- chives or green onion, chopped, for topping
- salt, pepper to taste

Instructions:

Preheat oven to 400 °. Poke potatoes with a fork, place on a baking sheet and cook for one hour.

- Remove from the baking sheet. Allow to cool for about 15 minutes.
- Once potatoes are cooled, using a sharp bread knife cut each lengthwise into sections creating three long slices. Use a small spoon to scoop out about 70% of the potato to make a little boat. You still want to have a thick layer of potato near the skin but you want it to be slightly hollowed-out in the middle to create a "boat".
- Turn your oven on to a high broil. Brush the potatoes with butter on the inside and outside and place them back onto the baking sheet. Season with salt and pepper. Broil for 7-8 minutes until the insides get a bit crispy from the melted butter. Remove from the oven and add a generous amount of shredded cheese into each skin. Place back under the broiler for about 3-4 minutes until the cheese is nice and bubbly.
- Remove from oven and top with sour cream and chives or green onion. Serve warm.

Zev Sharlot, when he's not in the water during Free Swim, has fun pretending to be a Superhero, leading his friends through every activity. ROCKETRY

Our rocketry program could actually be called "Flight." We have always built and launched model rockets that the campers love to construct, paint and fly. One of the campers favorites are paper rockets made from card-stock which fly using compressed air.

This year we have added a water rocket that uses compressed air and water as fuel. In addition to the rockets, this summer we've added kite building. White winds are advanced paper airplanes. They require a little more time to build but are a lot more fun. The world record flight for a paper airplane flight is 226 feet. Come to rocketry to set the ELDC record!

The B-4-Bombs had another amazing week at camp! The campers are really becoming great friends. This week, they were so excited for Sammy's Spooky Spectacular Day and they loved it even in the rain. Kevian Kraemer demonstrated that he can be a leader, especially as he won the game of Buddy Tag during DL Time. Jacob Weiss is a great leader too, competing in Ga-Ga he does a great job cheering not only his team on, but all the campers who are playing. Michael Costagliola is always smiling when he is at camp. He loved Recreation Creation after his first time going!

Alexander Eller was new at camp this week, but he had no problem becoming a part of our family. Plus, he loves Ga-Ga! Dillon Kamis was an assistant Division Leader during Elective Choice this week, helping us navigate through all of the "liquid sunshine." He especially loves to share his Minecraft expertise with campers and staff.

Sebastian Tutela is always a joy to have around. He loves playing Nukem in Volleyball; he can catch just about any throw! Jacob Volk has helped to bring out the best in each member of our group. He loves Computers so much, playing Minecraft and using the Go Pros! It has been quite the week for B4B.
